

Successful Sophomores

"One of the joys of working at a two-year college is that it provides the opportunity to observe and participate in the individual development of young men and women who are taking the first steps in their career. The changes which are observed both personally and academically in each student from the first quarter of attendance through the sophomore year

are one of the major reasons faculty and staff take such pride in UMC. Sophomores tell us how successful we are. Thanks for your continued growth."

— Don Sargeant
Assistant Provost
Academic affairs

Interested Freshmen

"I would characterize this year's freshmen class as very interested in their education, but unsure what job possibilities may be."

— Dale Knotek
Director
Student activities
