

"The UMC 1981-82 Basketball team completed a successful year with a 12-9 record. It was a pleasure working with such fine young men. It takes more than a winning record to determine a "Winner." These individuals have those qualities. I would like to take this opportunity to congratulate them on a fine season and wish them the best of luck in their future plans. My hope is that they will continue to support the fighting Trojans of UMC."

— Gary Senske, basketball coach
