

SERVICE '98 STUDENTS *Service*

Meet Crookston through Service

Meet Crookston through Service was incorporated into the New Student Orientation Program. Students signed up with faculty and staff to provide a variety of services around Crookston. The students met other new students, faculty and staff and also found out about the needs and opportunities in their "new home town".

Students help at the North Country Food Bank with many, many boxes of food.

Students aspire to new heights (or staying on top) while helping roof the Crookston Habitat for Humanity house.
