

Agronomy Club

Front Row (L to R): Carver Olson, Carl Schindler, Byron Fischer, Justin Knott.
 Middle Row (L to R): ryan Casavan, Mike Kill, Kevin Melby, Eileen Todahl,
 Richard Kilen, Marv Mattson Back Row: Chad Ingamen, Sharky, Bryan Curran,
 Dave Hemmes, Blake Christianson.

The Agronomy club had set many goals for this year that have been accomplished. One was the trip to the potash mines in Canada. The club members had the chance to go over 5000 ft. below the ground surface to watch mining equipment at work retrieving potash. Other places that we toured this year were the Simplot Anhydrous manufacturing plant, Cenex Fertilizer/Chemical Agronomy site. Barley breeding program, and of course other entertaining sites along the way.

Next year we are going to continue with our community service projects roadside cleaning, food drives, and Agriculture Center assistance, and also our hands on trips.
