## SIFE/Management Club Activities:

The University of Minnesota, Crookston Students In Free Enterprise (SIFE) Chapter/Management Club had a busy year during 98-99. The chapter currently has 16 active members who are primarily business students; however, the club is open to student of all majors.

Highlights of the group's activities included its Annual Fall Craft Show in November, a tour of Digi-Key Corporation in Thief River Falls, Minnesota in February, a trip to the SIFE Regional Exposition in Chicago, IL in April, and a tour of the Winnipeg Free Press Newspaper in Winnipeg, Manitoba, Canada in May.

The chapter also assisted with two Blood Drives on the UMC campus and conducted educational workshops in several regional elementary and high schools. In addition, the group provided services for the Crookston Care & Share Center, the Northwest Mental Health Agency, Northwest Technical College in East Grand Forks, MN, and the Northwest Regional Development Commission.

At the SIFE Exposition in Chicago, IL, the chapter delivered a presentation highlighting all of its educational outreach programs from throughout the year. The UMC chapter competed against other colleges and universities from throughout the Midwest and finished the Exposition being named the First Runner Up. This is the second year of SIFE activities at UMC.

SIFE is a student organization involving over 650 colleges and universities globally. The mission of SIFE is to provide college students the best opportunity to develop leadership, teamwork, and communication skills through learning, practicing, and teaching the principles of free enterprise.
